

# Our Further Trainings

## At AdC

We offer a tailored solution for those seeking to advance their professional careers globally. Our expert consultants will support you, our premier coaches will help you prepare, and our committed agents will match you with the perfect opportunity.

Our professional development training programs are primarily based on *Further Trainings*, which includes **Soft Skills Training**, where we equip candidates with essential coaching and soft skills to help them succeed in their professional lives. These include interpersonal skills, leadership, problem-solving, and adaptability—all crucial for excelling in today's dynamic workplace, ensuring that candidates are equipped with the necessary expertise for success in their respective industries. Additionally, we offer **Technical Training** in specialized fields such as Welding, Mechanical design, Electrical systems, Water Management, Finance, Accounting, First Aid, Carbon Footprint, and more. In addition to these core areas, we offer **Language Training** in German, English, French, Spanish, and Italian, enabling candidates to enhance their communication skills and improve their global employability. Moreover, we provide **Bespoke Training** tailored to the specific challenges businesses face in a VUCA world. Our personalized training solutions are designed to address unique organizational needs, equipping teams with the skills and knowledge required to thrive in today's rapidly evolving business landscape.

# Our Languages Training

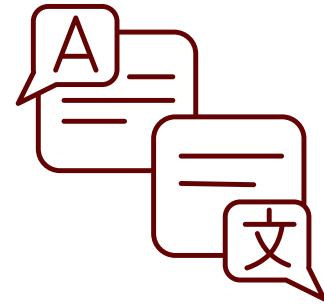

**Gradually, every level builds a crucial foundation for your success!**

## At AdC

we offer comprehensive language training in German, English, French, Spanish, and Italian, designed to not only enhance your communication skills but also ensure fluency in each language at an international scale. Understanding the challenges that come with mastering a new language, our courses are tailored to address these difficulties, focusing on both the linguistic and cultural nuances that are essential for effective communication.

Our language programs are crafted to meet the needs of global businesses and individuals looking to succeed abroad. We focus on the specific requirements of employers who seek candidates with strong language skills for international roles, particularly those requiring seamless integration into new countries and work environments. By using stimulating, innovative teaching methods, we ensure that each learner gains practical language skills necessary for professional success, while also preparing them for a smooth cultural transition in their new country.

Whether you're a beginner or an advanced learner, our courses are structured to help you achieve your language goals efficiently. Through immersive and engaging learning experiences, we not only build proficiency in the language but also enable candidates to understand the cultural context, making them well-prepared for both personal and professional integration.

# **Our Bespoke Training Solutions**

**Bespoke Training Solutions are customized, organization-specific programs designed to address the unique needs of your company. Unlike general professional development programs, we collaborate with businesses to understand their specific goals, challenges, and skill gaps, creating training that is tailored to the exact needs of your team. Whether enhancing leadership abilities, technical expertise, or team collaboration, these programs ensure maximum impact by aligning directly with your organization's objectives. Our bespoke approach improves both individual performance and the overall success of your business by fostering a more skilled, confident, and motivated workforce.illed, confident, and motivated workforce.**

# Our Vocational Trainings

## At AdC

We understand that a strong foundation is key to professional success. Our Vocational Training programs are designed to provide individuals with the essential qualifications needed to excel in their careers. We offer recognized certifications such as CC, BTP and BTS , which are critical for gaining expertise in various technical and professional fields. These programs equip candidates with the fundamental knowledge and practical skills required to enter the workforce or pursue further specialization. At AdC, we ensure that our vocational trainings set the stage for long-term career development, helping candidates gain the credentials they need to thrive in a competitive global market.

Our approach also includes *Vocational Training*, which provides foundational qualifications such as the CC ( Certificat de Compétence), BTP (Brevet de Technicien Professionnel) and BTS (Brevet de Technicien Supérieur).
